2 Installation Guide ● Installationsanleitung ● Guide d'Installation ● Guía de instalación ● 製品の組み込み手順について ● 操作步驟 ● 操作步骤

1. Installing 2.5" HDD/SSD - Insert the 2.5" HDD/SSD until an audible 'click' indicates that the drive is installed securely.

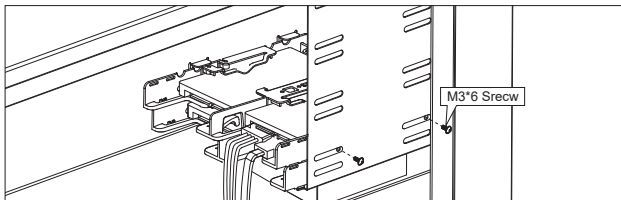

Click! /

2. Removing 2.5" HDD/SSD - Simply eject the HDD/SSD by pressing the drive eject button and then pull out the drive.

Press the drive eject button to remove the drive.
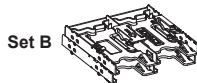

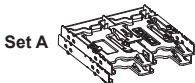

---

3. Device Installation - Use the included four screws to mount the FLEX-Fit Quattro into a 5.25" device bay with two screws on each side. Connect the power and data connectors to the installed drives to complete device installation.

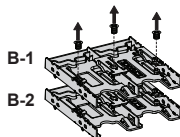

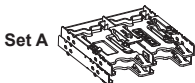

M3*6 Srecw

(Optional) Use FLEX-FIT Quattro as 2.5" HDD / SSD storage organizing rack

Flex-Fit Quattro can be used as a storage organizing rack. In addition, it can be expanded by stacking additional bracket on top of each other. (see below)
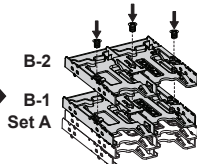

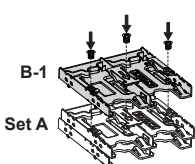

1. Two brackets are required to perform this installation.

Set A   Set B

2. Remove the pre-installed 3 x M2.5*7 screws from Set B to split into two bracket layers (B-1 & B-2). Please keep the removed 3 x M2.5*7 screws for installing bracket layers onto Set A)

Set A   B-1   B-2

3. Use 3 x M2.5*7 screws to install B-1 onto Set A. To add more layers, simply place another bracket layer on top and secure it with 3 x M2.5*7 screws.

B-1   Set A   →   B-2   B-1   Set A
